## WHEAT POOL AND THE ELEVATORS

Warning against the Wheat Pool  
emerging upon a general policy of  
elaborate building of farm-owned  
elevators. Prof. C. R. P. of Tor-  
onto University, urged farmers  
owned elevators to resist their  
organization as they would not  
bring about any back to the con-  
tunity of the Wheat pool. As the  
pool is not a real pool, it is not  
worth while to build elevators  
when marketing involves two main  
factors, elevators and selling. Prof.  
P. stated that it would be a pity  
to embark on a general policy of  
rival elevator building. "But I  
think," he continued, "it is en-  
tirely possible for the farmers  
elevator to re-act their organization  
that they shall arrive at an  
arrangement so that no output  
shall be given to the country of  
the pool which is essential."

Prof. P. dismissed the statement  
that the pool would be a real pool  
for the big advance in the  
price of wheat during the last two  
years, alluding this largely to world  
conditions of supply and demand,  
but stated that the pool had shown  
more activity and orderliness  
than of wheat that have been  
sold before. "Whether the pool  
exists," he said, "will be the  
question."

## More Recognition For Wheat Pool

(From The Calgary Herald.)  
The Canadian Millers' Association  
and the Canadian Co-operative  
Wheat Producers' Union, which  
wheat pool, have come to a co-  
operative agreement which, it can  
be said, is a landmark in the  
history of the wheat industry.  
In brief, the pool agrees to let the  
Canadian millers, on the ground  
floor with respect to any purchase  
of wheat made by them. That is  
to say, they will be placed on the  
same level in the matter of purchase  
as all foreign purchasers from the  
pool.

One of the most important results  
of the arrangement will be the  
elimination of much speculative  
buying on the part of the millers.  
It is said that in the past, when  
the pool was not in existence, the  
members of the Standard Mill  
W.P. put on their "Aron's  
Slick from Punks' Creek" and  
the various elevator men, by their  
efficiency and the play was  
much enjoyed. Following the play  
a dance was held.

A great time is expected at the  
Scott concert, supper and dance

the pool. The effect of the arrange-  
ment entered into should place the  
millers in a position where they  
will be able to meet much more  
effectively the competition of their  
rivals in the export trade. As  
Canadian millers use about one  
hundred million bushels of the Cana-  
dian crop annually, the value of  
its agreement to the pool will be  
very considerable.

But perhaps the most satisfactory  
feature of the conference and its  
result, to the millers, is the fact that  
my wife, is the fact that it hap-  
pened. The Canadian wheat pool  
has been in business but a short  
time. It has a difficult path to  
travel and has met with con-  
siderable opposition from independ-  
ent grain marketing interests. But  
it is in a position to attain a  
position in the grain market which  
involved co-operation from so im-  
portant a section as the national  
association is the finest evidence  
of its commanding and  
dominating influence on the grain  
market of Canada. We are told  
that the big independent firms on the  
Winnipeg exchange were among  
the leading supporters of the pool  
getting together. The measure of  
their support may well gauge the  
measure of satisfaction felt by  
pool members at the same result.

last night's musical morning.

George and Jay Nelson left on  
Friday morning on a two weeks' trip  
to Chicago.

Mr. and Mrs. B. Norton-Taylor,  
of Delia, have returned from a  
visit to their former home in Eng-  
land.

There will be an Oldfield's  
dance held in Mason's hall on Feb.

A good audience was present in  
Mason's hall Wednesday night to  
hear G. H. H. Odell, pro-  
duction, deliver his address on the  
benefits to be derived from divest-  
ment farming.

While in H. Bell's blacksmith  
shop on Friday, Friday afternoon  
the millers of the Standard Mill  
W.P. put on their "Aron's  
Slick from Punks' Creek" and  
the various elevator men, by their

a dance was held.

A great time is expected at the  
Scott concert, supper and dance

to be held Thursday (Friday) night  
at Menzies. Tickets will be pre-  
sented from Standard, Delia and  
Milton. The music will be supplied  
by bagpipes and there will be lots  
of laughs for all.

The Delia risk which competed  
in the Calgary Stampede last week  
were successful in winning the  
B. Burns Cup, the first prize being  
four sets of curling stones. As  
the winners were A. B. New-  
combe, W. Sinclair, W. H. Boney  
and D. B. Campbell (skip).

We understand that the cake in  
which B. Norton-Taylor, of Delia,  
was charged on the complaint of A.  
Moore with false pretences in re-  
spect to the sale of certain horses,  
has been dropped on instructions  
received from the Attorney General's  
Department, and there will be no  
further prosecution in the case.

A special meeting of the Spring-  
water Local G.W.V.A. was held in  
the Farmers' Hotel on Tuesday  
last. The meeting was held at the  
Hotel, reported that the Farmers  
Hotel had been purchased by the  
association as headquarters and a  
certain number could be very listed in  
the near future. It was decided to hold  
the monthly meetings on the last  
Saturday of each month.
